Como reconquistar seu ex - Paula Cassim 2019-08-26

Ei, você...Com certeza a esta altura você já deve ter corrido atrás dele de todas as maneiras possíveis e imagináveis. Ligou, mandou mensagem, e-mail e nada o fez mudar de ideia. Muito pelo contrário. Você sente que ele está cada vez mais longe. Você liga para suas amigas e repete um milhão de vezes tudo o que ele lhe disse, tudo o que você disse de volta, tudo o que estava acontecendo entre vocês.

Você não sabe mais o que fazer. Devo ligar? Devo ir atrás? E se ele arrumar outra? E se ele não me quiser NUNCA mais? Você não aguenta mais elas pedindo para você ter calma, dizendo que tudo tem a hora certa e que você merece alguém melhor.

Ficar se lamentando, torturando, culpando, não vai adiantar absolutamente nada agora. Não o fará voltar, muito pelo contrário. Tem jeito? Sim! ...Você soube conquistá-lo e saberá reconquistá-lo da mesma forma!

Secrets Of The Baby Whisperer - Melinda Blau
2009-12-01

Tracy Hogg knows babies. She can calm even the most distressed or difficult infant, because she understands their language. Hence, her clients call

her 'The Baby Whisperer'. Her incredible sensitivity and ability to read infants' cries, coos and assorted baby noises quickly earned Tracy the admiration and gratitude of high-profile couples, including a host of celebrities. In this remarkable parenting book, Tracy demystifies the magic she has performed with some five thousand babies. She teaches parents how to work out what kind of baby they have, what kind of mother and father they are, and what kind of parenting plan will work best for them. Believing that babies need to become part of the family - rather than dominate it - she has developed a practical programme that works with infants as young as a day old. Her methods are also applauded by scientists: 'Tracy's is a voice that should be heard. She appears very knowledgeable about modern infant research and has incorporated this to a level parents can understand. In spite of all the baby how-tos on the market, this one will stand out.'

Emotional Intelligence - Daniel Goleman 1996
The groundbreaking bestseller that redefines intelligence and success Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain

architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us.

Beyond Good and Evil - Friedrich Nietzsche
2020-10-16

"He who fights with monsters should be careful lest he thereby become a monster. And if thou gaze long into an abyss, the abyss will also gaze into thee." Expanding on his ideas from *Thus Spoke Zarathustra*, Nietzsche's radical polemic *Beyond Good and Evil* undermines the assumptions of traditional morality and encourages us to think more critically about the world in which we live. In this famous text, Nietzsche considers past philosophers and religious leaders from Socrates to Descartes to Schopenhauer with a critical and pessimistic eye. Questioning the blind following of religious faith, he examines the deeper question of who is truly good or evil. *Beyond Good and Evil* presents a unique perspective of the human mind offered through the words of one of history's most controversial philosophers.

The Game - Neil Strauss 2005

According to Strauss, the clandestine society of men he describes here take wagers in clubs and bars throughout the Western world over just who can chalk up the most Casanova-like quantities of pickups and seductions. But this isn't merely for the thrill of an army of sexual conquests -- all of this is coded and organised according to an almost military-style ritual, with an elaborate series of rules and regulations that the participants rigorously follow. Strauss went undercover in this glamorous world, and learned the secrets of these top-drawer seducers.

Getting to Yes with Yourself - William Ury 2015-01-20

William Ury, coauthor of the international bestseller *Getting to Yes*, returns with another groundbreaking book, this time asking: how can we expect to get to yes with others if we haven't first gotten to yes with ourselves? Renowned negotiation expert William Ury has taught tens of thousands of people from all walks of life—managers, lawyers, factory workers, coal miners, schoolteachers, diplomats, and government officials—how to become better negotiators. Over the years, Ury has discovered that the greatest obstacle to successful agreements and satisfying relationships is not the other side, as difficult as they can be. The biggest obstacle is actually our own selves—our natural tendency to react in ways that do not serve our true interests. But this obstacle can also become our biggest opportunity, Ury argues. If we learn to understand and influence ourselves first, we lay the groundwork for understanding and influencing others. In this prequel to *Getting to Yes*, Ury offers a seven-step method to help you reach agreement with yourself first, dramatically improving your ability to negotiate with others. Practical and effective, *Getting to Yes with Yourself* helps readers reach good agreements with others, develop healthy relationships, make their

businesses more productive, and live far more satisfying lives.

Orientalism - Edward W Said 2016-10-25

'A stimulating, elegant yet pugnacious essay'—Observer In this highly acclaimed seminal work, Edward Said surveys the history and nature of Western attitudes towards the East, considering Orientalism as a powerful European ideological creation—a way for writers, philosophers and colonial administrators to deal with the 'otherness' of Eastern culture, customs and beliefs. He traces this view through the writings of Homer, Nerval and Flaubert, Disraeli and Kipling, whose imaginative depictions have greatly contributed to the West's romantic and exotic picture of the Orient. In the Afterword, Said examines the effect of continuing Western imperialism.

The Mystery Method - Mystery 2007-02-06

"One of the most admired men in the world of seduction" (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the

world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, *The Game*. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from "average frustrated chumps." *The Mystery Method: How to Get Beautiful Women Into Bed* shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

The Ragamuffin Gospel - Brennan Manning
2008-08-19

Are you bedraggled, beat-up, burnt-out? Most of us believe in God's grace—in theory. But somehow we can't seem to apply it in our daily lives. We continue to see Him as a small-minded bookkeeper, tallying our failures and successes on a score sheet. Yet God gives us His grace, willingly, no matter what we've done. We come to Him as ragamuffins—dirty, bedraggled, and beat-up. And

when we sit at His feet, He smiles upon us, the chosen objects of His "furious love." Brennan Manning's now-classic meditation on grace and what it takes to access it—simple honesty—has changed thousands of lives. Now with a Ragamuffin's thirty-day spiritual journey guide, it will change yours, too. Includes a 30-Day Spiritual Journey Guide! "Brennan Manning does a masterful job of blowing the dust off of shop-worn theology and allowing God's grace to do what only God's grace can do—amaze." -Max Lucado, Bestselling author of *The Gift for All People*

O Grande livro do amor e sexo - Maurício Sita
2020-11-25

O grande livro do amor e do sexo traz como tema central os relacionamentos, lembrando o leitor de pontos importantes a serem trabalhados em uma relação, mas que são esquecidos conforme a rotina se instaura. Um desses pontos, que pode aparecer, inclusive, no início dos relacionamentos é a expectativa que se cria sobre o outro. Tanto em relação ao ser como ao fazer, cria-se uma expectativa sobre o que o outro deveria fazer para você e por você, sem que ele saiba disso. A consequência é a frustração, além de surgirem desentendimentos. Entre os diversos fatores importantes em um relacionamento, como cumplicidade, carinho, respeito e afeto, a vida sexual é um ponto muito importante que precisa ser mais abordado. Nos capítulos, os autores falam sobre a importância do autoconhecimento, do orgasmo feminino, das carícias e desejos, além de contextualizar historicamente o que se entendia por sexo e como mudar algumas ideias enraizadas ao longo dos séculos. Um dos temas, por exemplo, é a "fisioterapia a serviço do autoconhecimento e prazer", texto de Camila Patriota. Outro ponto é a comunicação, que deve ser trabalhada. Uma boa comunicação evita problemas e deixa os assuntos claros, facilitando a resolução de conflitos. É importante entender que cada pessoa tem com um repertório de vida, a forma como foi criada e as experiências pelas quais passou fazem parte da sua

subjetividade e nem sempre as ideias e opiniões são compatíveis. Por isso, é importante tentar entender o outro lado e não achar que apenas uma opinião e modo de ver o mundo é válido.

Liquid Love - Zygmunt Bauman 2013-05-03

This book is about the central figure of our contemporary, 'liquid modern' times – the man or woman with no bonds, and particularly with none of the fixed or durable bonds that would allow the effort of self-definition and self-assertion to come to a rest. Having no permanent bonds, the denizen of our liquid modern society must tie whatever bonds they can to engage with others, using their own wits, skill and dedication. But none of these bonds are guaranteed to last. Moreover, they must be tied loosely so that they can be untied again, quickly and as effortlessly as possible, when circumstances change – as they surely will in our liquid modern society, over and over again. The uncanny frailty of human bonds, the feeling of insecurity that frailty inspires, and the conflicting desires to tighten the bonds yet keep them loose, are the principal themes of this important new book by Zygmunt Bauman, one of the most original and influential social thinkers of our time. It will be of great interest to

students and scholars in sociology and in the social sciences and humanities generally, and it will appeal to anyone interested in the changing nature of human relationships.
