Tales of Mogadiscio - Iris Kapil
2012-02-17
Mogadiscio was not always the

sprawling jerry-built urban landscape we see today. Until 1991, when the government fell and clan militias, in a civil war, reduced it to rubble, Mogadiscio was a lovely, vibrant city. Tales of Mogadiscio describes a time, during the 1960s, when Mogadiscio was the capital and center of a newly independent Somali Republic. The stories portray individuals and the city's various communities. Mogadiscio is observed and reflected upon by the author, who lived among its people and loved the city.

Making Refuge - Catherine Besteman
2016-02-05

How do people whose entire way of life has been destroyed and who witnessed horrible abuses against loved ones construct a new future? How do people who have survived the ravages of war and displacement rebuild their lives in a new country when their world has totally changed? In *Making Refuge* Catherine Besteman follows the trajectory of Somali Bantus from their homes in Somalia before the onset in 1991 of Somalia's civil war, to their displacement to Kenyan refugee camps, to their relocation in cities across the United States, to their settlement in the struggling former mill town of Lewiston, Maine. Tracking their

experiences as "secondary migrants" who grapple with the struggles of xenophobia, neoliberalism, and grief, Besteman asks what humanitarianism feels like to those who are its objects and what happens when refugees move in next door. As Lewiston's refugees and locals negotiate coresidence and find that assimilation goes both ways, their story demonstrates the efforts of diverse people to find ways to live together and create community. Besteman's account illuminates the contemporary debates about economic and moral responsibility, security, and community that immigration provokes.

Globalization and Language in Contact

- James Collins 2011-10-27

This book examines the impact of globalization on languages in

contact, including the study of linkages between the global and local, and transnational and situated communication. It engages with social theory and social processes while grappling with questions of language analysis raised by globalized language contact. Drawing on case studies from North America, Europe and Africa, the volume makes three important contributions to contemporary sociolinguistics by: * arguing that concepts of scale and space are essential for understanding contemporary sociolinguistic phenomena * showing that the transnational flows and movements of peoples highlight the problem and work of identity in relation to both place and time * addressing methodological challenges raised by different approaches to the study of

globalization and language contact. This cutting-edge monograph featuring research by renowned international contributors will be of interest to academics researching sociolinguistics, and language and globalization.

Somalis in Maine - Kimberly A.

Huisman 2011-06-07

Lewiston, a mill town of about
thirty-six thousand people, is the
second-largest city in Maine. It is
also home to some three thousand
Somali refugees. After initially
being resettled in larger cities
elsewhere, Somalis began to arrive in
Lewiston by the dozens, then the

hundreds, after hearing stories of
Maine's attractions through family
networks. Today, cross-cultural
interactions are reshaping the
identities of Somalis—and adding new
chapters to the immigrant history of
Maine. Somalis in Maine offers a
kaleidoscope of voices that situate
the story of Somalis' migration to
Lewiston within a larger cultural
narrative. Combining academic
analysis with refugees' personal
stories, this anthology includes
reflections on leaving Somalia, the
experiences of Somali youth in U.S.
schools, the reasons for Somali
secondary migration to Lewiston, the
employment of many Lewiston Somalis
at Maine icon L. L. Bean, and
community dialogues with white
Mainers. Somalis in Maine seeks to
counter stereotypes of refugees as

being socially dependent and unable to assimilate, to convey the richness and diversity of Somali culture, and to contribute to a greater understanding of the intertwined futures of Somalis and Americans.

Understanding Somalia and Somaliland

- Ioan M. Lewis 2011-07-15

Ioan Lewis details the history and culture of the Somali people, providing a unique window into this little-known culture and its increasingly public predicaments. He provides insight into the complex social, historical, and cultural hinterland that is the Somali heritage and pays close attention to

the pervasive influence of traditional nomadism, especially its decentralized nature. Lewis also addresses developments in the Somali political region since the collapse of the Republic in 1991, including the formation and steady development of the democratic state of Somaliland. Though it has grown into a de facto personality, this self-governing outpost of democracy is still officially unrecognized internationally. Lewis concludes with a discussion of the Islamist movement that brought a brief but astonishing period of stability to much of Southern Somalia in late 2006.

The Bantu-Jareer Somalis - Mohamed A. Eno 2008

Somalia is generally thought of as a homogenous society, with a common Arabic ancestry, a shared culture of nomadism and one Somali mother tongue. This study challenges this myth. Using the Jareer/Bantu as a case study, the book shows how the Negroid physical features of this ethnic group has become the basis for ethnic marginalization, stigma, social exclusion and apartheid in Somalia. The book is another contribution to the recent deconstruction of the perceived Somali homogeneity and self-same assertions. It argues that the

Somalis, just like most societies, employ multiple levels of social and ethnic distinctions, one of which is the Jareer versus Jileec divide. Dr. Eno successfully portrays another Somalia, in which a mythical homogeneity masks the oppression and social exclusion suffered by some ethnic groups in the country.

Women of the Somali Diaspora - Joanna Lewis 2021-12-01

This book is about Somali mothers and daughters who came to Britain in the 1990s to escape civil war. Many had never left Somalia before, followed nomadic traditions, did not speak English, were bereaved and were suffering from PTSD. Their stories begin with war and genocide in the north, followed by harrowing journeys via refugee camps, then their arrival and survival in London. Joanna Lewis

exposes how they rapidly recovered, mobilising their networks, social capital and professional skills. Crucial to the recovery of the now breakaway state of (former British) Somaliland, these women bore a huge burden, but inspired the next generation, with many today caught between London and a humanitarian impulse to return home. Lewis reveals three histories. Firstly, the women's personal history, helping us to understand resilience as an individual, lived historical process that is both positive and negative, and both inter- and intra-generational. Secondly, a collective history of refugees as rebuilders, offering insight into the dynamism of the Somali diaspora. Finally, the forgotten history and hidden legacies of Britain's colonial past, which

have played a key role in shaping this dramatic, sometimes upsetting, but always inspiring story: the power of women to heal the scars of war.

Margaret Laurence - Denez Xiques
2005-09-24

Margaret Laurence: The Making of a Writer is an engaging narrative that contains new and important findings about Laurence's life and career. This biography reveals the challenges, successes, and failures of the long apprenticeship that preceded the publication of the *The Stone Angel*, Laurence's first commercially successful novel. Denez Xiques demonstrates the importance of Margaret Laurence's early work as a journalist in her development as a writer and covers her return to Canada from Africa in the late 1950s. She details the significance of

Laurence's "Vancouver years" as well as the challenges of her year in London prior to settling at Elm Cottage in Buckinghamshire, when Laurence stood on the verge of success. The Margaret Laurence known to most people is a public figure of the 1960s and 1970s; matriarchal, matronly, and accomplished. The story of her early years in the harsh setting of the Canadian Prairies during the 1930s - years of drought and the Great Depression - and of her African years has never before been chronicled with the thoroughness and vividness that Xiques provides for the reader. Appended to this powerful new biography is a short story by Margaret Laurence that has never before been published and two other stories that have not been widely available. They indicate the range of

her concerns and show a marked departure from her fiction in *The Tomorrow-Tamer and Other Stories* and *A Bird in the House*. Readers will benefit from the extensive research in this full and vibrant portrait of one of the most revered writers of twentieth-century Canadian literature.

Call Me American - Abdi Nor Iftin 2018-06-19

Abdi Nor Iftin first fell in love with America from afar. As a child, he learned English by listening to American pop and watching action films starring Arnold Schwarzenegger. When U.S. marines landed in Mogadishu to take on the warlords, Abdi cheered the arrival of these Americans, who

seemed as heroic as those of the movies. Sporting American clothes and dance moves, he became known around Mogadishu as Abdi American, but when the radical Islamist group al-Shabaab rose to power in 2006, it became dangerous to celebrate Western culture. Desperate to make a living, Abdi used his language skills to post secret dispatches, which found an audience of worldwide listeners. Eventually, though, Abdi was forced to flee to Kenya. In an amazing stroke of luck, Abdi won entrance to the U.S. in the annual visa lottery, though his route to America did not come easily. Parts of his story were first heard on the BBC World Service and This American Life. Now a proud resident of Maine, on the path to citizenship, Abdi Nor Iftin's dramatic, deeply stirring memoir is

truly a story for our time: a vivid reminder of why America still beckons to those looking to make a better life.
