Professionalism and prejudice, turbulent staff romances, ambition and failure collide in this swirling, action-packed drama about an overburdened health service that we all depend on and the dedicated individuals that keep it going. 'Tiger country' is where animal instinct stirs and an irrefutable eye opens. Where we make eye contact with the unknown. Tiger Country was premiered at Hampstead Theatre in 2011 and, following its sell-out run, was revived there in 2014.

Cake - J. Bengtsson 2020-02

Jake McKallister might have been a rock star, but he was no ordinary one. Surviving an unspeakable crime as a young teen had shaped him into a guarded workaholic, and he now lived his life trying to forget. If it hadn't been for music and the redemption he found through it, he might not have survived. Career success came easily for him. Personal connections did not. When outspoken, vivacious college student Casey Caldwell was paired with the famously reserved rockstar for a friend's wedding, she was prepared for the worst. What could they possibly have in common? She was a bubbly talker; he was a reclusive loner. His life was filled with music; she couldn't carry a tune. She'd enjoyed a happy childhood; his was a well-publicized nightmare. Yet despite their obvious differences, Jake and Casey found each other, and her light balanced out his darkness. Would their love be strong enough to survive the weight of his tragic past?

A Lady's Guide to Gossip and Murder - Dianne Freeman 2019-06-25

The adventurous Countess Harleigh finds out just how far some will go to safeguard a secret in Dianne Freeman's latest witty and delightful historical mystery . . . Though American by birth, Frances Wynn, the now-widowed Countess of Harleigh, has adapted admirably to the quirks and traditions of the British aristocracy. On August twelfth, otherwise known as the Glorious Twelfth, most members of the upper class retire to their country estates for grouse-shooting season. Frances has little interest in hunting—for birds or a second husband—and is expecting to spend a quiet few months in London with her almost-engaged sister, Lily, until the throng returns. Instead, she's immersed in a shocking mystery when a friend, Mary Archer, is found murdered. Frances had hoped Mary might make a suitable bride for her cousin, Charles, but their courtship recently fizzled out. Unfortunately, this puts Charles in the spotlight—along with dozens of others. It seems Mary had countless notes hidden in her home, detailing the private indiscretions of society's elite. Frances can hardly believe that the genteel and genial Mary was a blackmailer, yet why else would she hoard such juicy tidbits? Aided by her gallant friend and neighbor, George Hazelton, Frances begins assisting the police in this highly sensitive case, learning more about her peers than she ever wished to know. Too many suspects may be worse than none at all—but even more worrying is that the number of victims is increasing too. And unless Frances takes care, she'll soon find herself among them . . . "Engrossing . . . Freeman takes a witty look at

Victorian polite society. Historical mystery fans will be delighted."

War on Sacred Grounds - Ron E.

Hassner 2010-12-15

Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith. Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims. Holy places thus create the potential for military, theological, or political clashes, not only between competing religious groups but also between religious groups and secular actors. In *War on Sacred Grounds*, Ron E. Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested; he also proposes potential means for managing these disputes. Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount/Haram el-Sharif, leading to the clashes of 2000, and the competing claims of Hindus and Muslims at Ayodhya, which resulted in the destruction of the mosque there in 1992. He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979. Sacred sites, he contends, are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided. The management of conflicts over sacred sites requires cooperation, Hassner suggests, between political leaders interested

in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers. Because a reconfiguration of sacred space requires a confluence of political will, religious authority, and a window of opportunity, it is relatively rare. Drawing on the study of religion and the study of politics in equal measure, Hassner's account offers insight into the often-violent dynamics that come into play at the places where religion and politics collide.
