Johnny Mercer - Glenn T.
Eskew 2013-11-15

John Herndon "Johnny" Mercer (1909–76) remained in the forefront of American popular music from the 1930s through the 1960s, writing over a

thousand songs, collaborating with all the great popular composers and jazz musicians of his day, working in Hollywood and on Broadway, and as cofounder of Capitol Records, helping to promote the careers of Nat "King" Cole, Margaret Whiting, Peggy Lee, and many other singers.

Mercer's songs—sung by Bing Crosby, Billie Holiday, Judy Garland, Frank Sinatra, Ella Fitzgerald, Tony Bennett, Lena Horne, and scores of other performers—are canonical parts of the great American songbook. Four of his songs received Academy Awards: "Moon River," "Days of Wine and Roses," "On the Atchison, Topeka, and the Santa Fe," and "In the Cool, Cool, Cool of the Evening." Mercer standards such as "Hooray for Hollywood" and "You Must Have Been a Beautiful Baby" remain in the popular imagination. Exhaustively researched, Glenn T. Eskew's biography improves upon earlier popular treatments of the Savannah, Georgia-born songwriter to produce a sophisticated, insightful, evenhanded examination of one of America's most popular and successful chart-toppers. *Johnny Mercer: Southern Songwriter for the World* provides a compelling chronological narrative that places Mercer within a larger framework of diaspora

entertainers who spread a southern multiracial culture across the nation and around the world. Eskew contends that Mercer and much of his music remained rooted in his native South, being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians. At Capitol Records, Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music. When rock 'n' roll diminished opportunities at home, Mercer looked abroad, collaborating with international composers to create transnational songs. At heart, Eskew says, Mercer was a jazz musician rather than a Tin Pan Alley lyricist, and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience. June 5th 1951...it is a warm summer morning in the quiet little town of Eden's Edge, North Carolina, and Lisanne Walters has just stumbled upon the mutilated body of Jared Michaels. A member of one of the most prominent families in town, the victim seemingly has no enemies. But, if that was true, why would someone torture him and dump his naked body in the middle of Town Square? The town is shrouded in secrecy and steeped in religious fanaticism.

As he deals with false leads and hidden threats from the murderer, Wolf struggles to make sense of the evidence and fight against his own self-doubt. Will he ever find the evidence he needs to bring Jared's killer to justice or will this murder become just another unsolved case? When Wolf finally comes face to face with the killer, he begins the fight of his life. If he wins, the killer will be brought to justice and Jared will be vindicated. If he loses, he will become the killer's second victim and the truth will die with him.

Twenty-four-year-old Juliana

once loved being a little, until the cruelty of the man she had called daddy broke her heart and she decided to never be little again. But when she fails to take care of herself and becomes ill, a worried friend brings her to Dr. Robert O'Connor, claiming that he will understand what she needs. Juliana is embarrassed and nervous, but to her surprise, Robert gives her a teddy bear and tells her a fairy tale to help her relax. Though the exam is intimate and thorough, Juliana feels safe the whole time and hopes afterwards that she'll see more of the handsome doctor. From the moment Robert heard about Juliana's past, he wanted nothing more than to take away her pain and make sure she never has to worry about anyone hurting her again. He is thrilled when he asks her out and she shyly agrees. Though Juliana claims she doesn't want to be a little anymore, he longs to prove to her that age play with him is nothing to fear. Robert is a patient man, and before long Juliana is calling him "daddy", playing with her

dolls, and coloring. He delights in taking care of her every need, dressing her in footie pajamas, and brushing her hair. Even when Juliana is disobedient and Robert has to put his baby girl over his knee and spank her bare bottom, it is always followed by plenty of loving hugs and cuddles. Soon Juliana is eating more and sleeping better, and feels healthier than she has in a long time. But when the man who once mistreated her skips bail and threatens to hurt her if she continues to see her new daddy, she becomes terrified. Will she ever be free to relax in her daddy's arms, knowing he will keep his little girl safe from everything and love her no matter what? Documenting World Politics - Rens Van Munster 2015-02-11

As a central component of contemporary culture, films mirror and shape political debate. Reflecting on this development, scholars in the field of International Relations (IR) increasingly explore the intersection of TV series, fiction film and global politics. So far, however, virtually no

systematic scholarly attention has been given to documentary film within IR. This book fills this void by offering a critical companion to the subject aimed at assisting students, teachers and scholars of IR in understanding and assessing the various ways in which documentary films matter in global politics. The authors of this volume argue that much can be gained if we do not just think of documentaries as a window on or intervention in reality, but as a political epistemology that - like theories - involve particular postures, strategies and methodologies towards the world to which they provide access. This work will be of great interest to students and scholars of international relations, popular culture and world politics and media studies alike.

Tommy Adderley (1940-1993) - Christine Mintrom 2004

Birmingham-born Tommy Adderley was a working-class lad who started singing in New Zealand in the late 1950s when he was still in the Merchant Navy. By the early 1970s he was one of the owners of Granpa's (entertainers' club) in Auckland. Overseas musicians considered him to be the main man in the parish and all the greats including Keith Richards and John Mayall visited the club when they were in town. Those were the halcyon days. After a well-publicized drug bust and nineteen months in jail, Tommy devoted all his waking hours to music: as a jazz singer, event organiser and promoter. He performed to the end, and died, in abject poverty in February 1993 less than twenty-four hours after his last performance. "A highly personal account of a

thoroughly personable man. This work rightly acknowledges Tommy Adderley's broader contribution to the New Zealand entertainment industry.... Christine...provides angular glimpses into a life as filled with generosity as it was fraught with personal challenges." Richard Thorne, New Zealand Musician Magazine.

Milton's Ovidian Eve - Mandy Green 2016-04-22

Milton's Ovidian Eve presents a fresh and thorough exploration of the classical allusions central to understanding Paradise Lost and to understanding Eve, one of Milton's most complex characters. Mandy Green demonstrates how Milton appropriates narrative structures, verbal echoes, and literary strategies from the Metamorphoses to create a subtle and evolving portrait of Eve. Each chapter examines a different aspect of Eve's mythological figurations. Green traces Eve's development through multiple critical

lenses, influenced by theological, ecocritical, and feminist readings. Her analysis is gracefully situated between existing Milton scholarship and close textual readings, and is supported by learned references to seventeenth-century writing about women, the allegorical tradition of Ovidian commentary, hexameral literature, theological contexts and biblical iconography. This detailed scholarly treatment of Eve simultaneously illuminates our understanding of the character, establishes Milton's reading of Ovid as central to his poetic success, and provides a candid synthesis and reconciliation of earlier interpretations.

Their Librarian - Mandy Greenwood

Rumours were spreading through the wolf community that one their own had turned against the Silverdale Coven and was working for the Timere Lucen. Accusations were made, and fingers were pointed at rival packs and at the lone wolves who called the city home. Not even those employed by the coven were immune from suspicion as Archer, a wolf who'd lived in the city for the past five years and worked in the coven's library, soon discovered. Yet pack politics hampered the ability of those wishing to investigate the allegations being made. The packs struggling to agree on who should oversee it all. That's until Broderick and Roderick's

names are put forward; the pair regard highly within the wider wolf community who believed they would be fair and just in their search for the traitor. But that sense of fairness; of justice would be

tested as more and more fingers are pointed in Archer's direction, the wolf they knew was their fated one. Loyal to the pack, Loyal to the coven, Or did they abandon it all and remain loyal to their mate?
