PostSecret - Frank Warren 2008

The instructions were simple, but the results were extraordinary. 'You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession or childhood humiliation. Reveal anything - as long as it is true and you have never shared it with anyone before.

Be brief. Be legible. Be creative.' It all began with an idea Frank Warren had for a community art project. He handed out postcards, asking people to write down a secret and post it to him, anonymously. The response was overwhelming. In under a year, Frank had over 10,000 cards which he posted on the website. The confessions were thought-provoking, funny and weird, touching on every aspect of human experience and revealing much about the state of modern life, and catapulting PostSecret to the status of global phenomenon. Superbly illustrated throughout, this book is a great conversation piece, fascinating to flick through, and almost unputdownable once you have.

Requiem for a Spanish Peasant - Ramón José Sender 2007

Ramon Jose Sender Graces was born on 3rd February 1901. He was a prolific writer, who published a vast quantity of novels, stories, plays, essays, poetry and articles throughout his life. He wrote Requiem por un campesino espanol

during one week in 1952, with the intention that it be part of a collection of short stories. That book never materialised, but Sender's novella was published by Aquelarre in Mexico in 1953 under the title *Mosen Millan*. The title was changed in 1960 by New York publisher Las Americas to something that could be meaningfully translated into English. The political message conveyed within the book meant that it was not published in Spain until 1974. *Requiem for a Spanish Peasant* relates the thoughts and memories of Mosen Millan, the parish priest, as he sits in the vestry of the church in a nameless Aragonese village, preparing to conduct a Requiem Mass to celebrate the life of a young peasant, Paco el del Molino, killed by the Nationalist army a year earlier, at the outbreak of the Spanish Civil War. As he waits, his thoughts are interrupted by the occasional comings and goings of an altar boy, who hums to himself an anonymous ballad. This ballad, along with Millan's thoughts and the voice of an omniscient

narrator, creates three strands of narration for the reader to follow.

Gunnersbury Park - Val Bott 2018-03
*Engagingly written by local, passionate experts*Based on years of original historical

research, encompassing local archives, objects held by the Museum, archaeological findings, oral history sources, and more*Richly illustrated, including maps and a fold-out coverExploring this much-loved public park reveals its story. In the Middle Ages, Gunnersbury belonged to the powerful mistress of a medieval king. Prosperous Tudor merchants and City aldermen followed; its first transformation saw the building of a huge Palladian mansion with formal gardens around 1660. After years of neglect it was reborn as a center of Georgian society; a merchant politician and art collector and then a Hanoverian princess each softened the landscape and built follies. In 1800 the mansion was demolished and development plots sold off; two neighboring villas emerged which still survive. From 1835 one was home to the banking family who eventually reunited the estate, and this building is now the Gunnersbury Park Museum. Gunnersbury was opened as a public park in 1926. This book marks the completion of the recent and extensive

conservation programme - its 21st century transformation - in the lead-up to the Park centenary. Published to coincide with the Gunnersbury Park Museum's reopening in spring/summer 2018. Gunnersbury Park receives 30,000-40,000 visitors per year, and this is expected to rise to as many as 1 million visitors per year after the renovation and conservation programme is completed.
