Creating Great Visitor Experiences - Stephanie Weaver 2016-07-11

Museum and other non-profit professionals have begun to realize that the complete visitor experience is the key to repeat attendance, successful fundraising, and building audience loyalty. Taking lessons learned by successful experience-shapers in the for-profit world, Stephanie Weaver distills this knowledge for museums and other organizations which depend on visitor satisfaction for success. Is your institution welcoming? Are the bathrooms clean? Does the staff communicate well? Are there enough places to sit? These practical matters may mean more to creating a loyal following than any exhibit or program the institution develops. Weaver breaks the visitor experience down to 8 steps and provides practical guidance to museums and related institutions on how to create optimal visitor experiences for each of them. In a workshop-like format, she uses multiple examples, exercises, and resource links to walk the reader through the process.

Exceptional Service, Exceptional Profit - Leonardo Inghilleri 2010

The authors focus on battle-tested techniques that are immediately applicable in any business context, allowing you to create unrivaled customer loyalty in your own business context.

How Airports Measure Customer Service Performance - Lois S. Kramer 2013

"TRB's Airport Cooperative Research Program (ACRP) Synthesis 48: How Airports Measure Customer Service Performance examines the strategic importance of customer service and how airports are measuring the quality of customer service."-- Publisher's description.

Organizational Studies: Selves and subjects - Warwick Organizational Behaviour Staff 2001

Edited by a collective of ten academics at the University of Warwick, this set incorporates some of the best works within organization studies.

Be Our Guest (Revised and Updated Edition) - The Disney Institute 2011-11-08

Exceeding expectations rather than simply satisfying them is the cornerstone of the Disney approach to customer service. Now, in honor of the tenth anniversary of the original *Be Our Guest*, Disney Institute, which specializes in helping professionals see new possibilities through concepts not found in the typical workplace, is revealing even more of the business behind the magic of quality service. During the last twenty-five years, thousands of professionals from more than thirty-five countries and more than forty industries have attended business programs at Disney Institute and learned how to adapt the Disney approach for their own organizations./DIV DIVBe Our Guest highlights the successes many of these companies have achieved, plus the key processes and best practices that have made Disney a trusted and revered brand around the world for more than eighty-five years.

Cultures of United States Imperialism - Amy Kaplan 1993

Begins to fill the gaping lacuna of imperialism in the standard histories of the US by exploring how US expansion has influenced people of other cultures. The 26 essays focus mostly on Africa and African Americans, but also

consider the Philippines, Native Americans, Cuba, Latin America, and Disneyw.

A Charter School Principal's Story - Barbara Smith 2017-12-05

What happens when a Canadian principal, guided by the teachings of Fullan and Hargreaves, takes on the role of school leader in an inner-city charter school in the United States? This inside story of a principal in the DC charter school system, reveals much about the desire for educators and students to experience more than a life of multiple-choice testing that tends to be so commonplace in these schools. While such a case adds to the mound of research that supports the 'change takes time' findings, it nevertheless demonstrates the reality, on a day-to-day basis, of what's worth fighting for in schools. Student and teacher engagement and empowerment matter, and to get to such ends, a school must fiercely focus on targets well beyond test scores. This book speaks about how a budget reveals school values, and by shifting resources to support staff and student development, a school, coping with regular turnover, can be filled with more confident and capable community members. A school crawling with leaders emerged as more student, teacher and non-instructional staff were supported in new roles, aimed at building an inspired culture, with the talent and capacity to move others to action. The old ways of 'doing school' do not address the needs of the 21st century learner, and while many forces with limited views of education were at play, this story does provide an example of what promising things can and should happen to increase engagement and learning in more charter schools across America. "Dr. Barbara Smith's narrative of her times in public charter schools offers all of us insights into the struggle to create schools of high academic quality and compassionate care, worthy of her educational mandate and mission." – David Booth, Professor Emeritus, The Ontario Institute for Studies in Education, University of Toronto "Dr. Smith's message inspires me to be an advocate for education and her work will inspire you as well!" – Jalen Rose, Chair of Board of Directors, Jalen Rose Leadership Academy, Detroit, Michigan, ESPN Commentator "This inside look provides an opportunity for innovation in a field that has held to aging standards for far too long!" – Diane C. Manica, Former Director, Leadership and Accreditation, University of Detroit Mercy

FNS - 1997

The Disney Way - Bill Capodagli 1999-01-21

"I dream, I test my dreams against my beliefs, I dare to take risks, and I execute my vision to make those dreams come true." -Walt Disney. Walt Disney's dreams, beliefs, and daring gave birth to captivating characters, thrilling theme park attractions, and breathtaking tales that have inspired the imaginations of generations of children and

adults. Disney also launched an entertainment and marketing empire whose influence is felt around the world, and whose success provides a model of business excellence that can guide any company. Each principle is then examined in detail by illustrating the principle at work at Disney as well as at other successful companies. Capodagli and Jackson have spent their careers studying Disney and teaching this unique management method to others. As consultants to companies ranging from Illinois Power to Bristol-Myers Squibb and Whirlpool, they have used the Disney principles again and again, and have seen them yield startling performance improvements. They have distilled this wisdom in *THE DISNEY WAY*. In this book, you'll learn how to: Give every member of your organization the chance to dream, and tap into the creativity those dreams embody; Treat your customers like guests; Build long-term relationships with key suppliers and partners; Dare to take calculated risks in order to bring innovative ideas to fruition; Align long-term vision with short-term execution. And more. No fairy dust. No magic wands. No wishing on a star. Just sound, effective management principles that stem from Walt Disney's values, vision, and philosophy. Lists of questions to ask and actions to take, along with real-life examples, will help you adapt the Disney Way to suit your company's needs. From the hiring and training of employees to the realization of a creative concept to exceptional customer service, every aspect of the Walt Disney Company is linked to Walt Disney's vision.

[The Themed Space](#) - Scott A. Lukas 2007

The Themed Space: Locating Culture, Nation, and Self is the first edited collection focused on the significance of the theme space. The first section of the text discusses the ways in which theming acts as a form of authenticity. Included are articles on the theme park Dollywood, the historic Coney Island, the uses of theming in Flagstaff, Arizona, and the Las Vegas Strip. Section two considers theming as a reflection of nation, and its authors focus on Chinese theme parks and shopping malls, the Lost City theme park in South Africa, and the Ain Diab resort district in Casablanca. The third section of the book illustrates how theming often targets the person--whether famous or everyday. The authors look at spaces ranging from the Liverpool John Lennon Airport, love hotels in Japan, and the Houston, Texas theme park AstroWorld. The final section emphasizes theming as a projection of the mind and psychology. The authors focus on behind-the-scenes tourism at Universal Studios and the Ford Rouge Factory Tour, the use of theming in unexpected spaces like Florida themed clinics, theming in virtual reality spaces of video games, and the social controversies related to theming in various parts of the world. The book includes a comprehensive bibliography on theming and a list of key terms. *The Themed Space* is of great interest to students of all levels and scholars of anthropology, urban studies and sociology.

Healthy School Meals- Healthy Kids! - 1997

Disney's Land - Richard Snow 2020-12-01

A propulsive and "entertaining" (The Wall Street Journal) history chronicling the conception and creation of the iconic Disneyland theme park, as told like never before by popular historian Richard Snow. One day in the early 1950s, Walt Disney stood looking over 240 acres of farmland in Anaheim, California, and imagined building a park where people "could live among Mickey Mouse and Snow White in a world still powered by steam and fire for a day or a week or (if the visitor is slightly mad) forever." Despite his wealth and fame, exactly no one wanted Disney to build such a park. Not his brother Roy, who ran the company's finances; not the bankers; and not his wife, Lillian. Amusement parks at that time, such as Coney Island, were a generally despised business, sagging and sordid remnants of bygone days. Disney was told that he would only be heading toward financial ruin. But Walt persevered, initially financing the park against his own life insurance policy and later with sponsorship from ABC and the sale of thousands and thousands of Davy Crockett coonskin caps. Disney assembled a talented team of engineers, architects, artists, animators, landscapers, and even a retired admiral to transform his ideas into a soaring

yet soothing wonderland of a park. The catch was that they had only a year and a day in which to build it. On July 17, 1955, Disneyland opened its gates...and the first day was a disaster. Disney was nearly suicidal with grief that he had failed on a grand scale. But the curious masses kept coming, and the rest is entertainment history. Eight hundred million visitors have flocked to the park since then. In *Disney's Land*, "Snow brings a historian's eye and a child's delight, not to mention superb writing, to the telling of this fascinating narrative" (Ken Burns) that "will entertain Disneyphiles and readers of popular American history" (Publishers Weekly).

The Service Culture Handbook - Jeff Toister 2017-03-23

Imagine you could develop a customer-focused culture so powerful that your employees always seem to do the right thing. They encourage each other, proactively solve problems, and constantly look for ways to go the extra mile. In short, imagine a workplace culture where employees were absolutely obsessed with customer service. *The Service Culture Handbook* is a step-by-step guide to help you develop a customer-focused culture in your company, department, or location. Whether you're just beginning your journey, or have been working on culture for years, this handbook will prepare you to take the next step. You'll receive actionable advice, straightforward exercises, and proven tools you can utilize immediately. Learn the one thing that forms the foundation of every great culture. Discover what customer-focused companies do differently to engage their employees. And explore ways to strategically align every facet of your organization with outstanding service. Creating and sustaining a customer-focused culture is a never-ending journey that takes hard work, dedication, and commitment. *The Service Culture Handbook* is an indispensable resource to help you and your employees stay headed in the right direction. Praise for *The Service Culture Handbook*: "The Service Culture Handbook provides the poignant inspiration and practical instruction for the difficult work of transforming a service culture into one that is distinctive, successful, and permanent." -Chip R. Bell, author of *Kaleidoscope: Delivering Innovative Service That Sparkles* "Though research continues to uncover the astonishing impact of customer-focused cultures on customer loyalty and business results, few organizations know how to get there. Jeff Toister unlocks that mystery through this practical (and fun to read!) guide to developing a culture that really works." -Brad Cleveland, founding partner and former CEO, International Customer Management Institute

Performance and the Disney Theme Park Experience - Jennifer A. Kokai 2019-11-27

This book addresses Disney parks using performance theory. Few to no scholars have done this to date—an enormous oversight given the Disney parks' similarities to immersive theatre, interpolation of guests, and dramaturgical construction of attractions. Most scholars and critics deny agency to the tourist in their engagement with the Disney theme park experience. The vast body of research and journalism on the Disney "Imagineers"—the designers and storytellers who construct the park experience—leads to the misconception that these exceptional artists puppeteer every aspect of the guest's experience. Contrary to this assumption, Disney park guests find a range of possible reading strategies when they enter the space. Certainly Disney presents a primary reading, but generations of critical theory have established the variety of reading strategies that interpreters can employ to read against the text. This volume of twelve essays re-centers the park experience around its protagonist: the tourist.

Getting Entrepreneurial! - Larry C. Farrell 2003-08-18

Getting Entrepreneurial! is the definitive guide for would-be entrepreneurs, covering everything you need to know to put your financial future in your own hands. BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs and corporate executives. Every month, BLACK ENTERPRISE delivers timely, useful information on careers, small business and personal finance.

Fast Track to Quality - Roger Tunks 1992

Undeclared - Jean R. Beach and Dr. Don Steele 2014-10-22

Undeclared provides an engaging and thorough picture of how a family owned business developed, overcame challenges, and interacted with the rich context of the northern Michigan tourism industry. It is a very rare story of a three-generation family-owned and family-operated business that has had to fight for survival for nearly seventy years. Fierce competition from other ferry lines, treacherous weather conditions, costly maintenance on passenger and freight vessels, changing governmental regulations, and depressed economic conditions in the State of Michigan are but a few of the challenges the Sheplers have faced over the years. This book reveals how, operating in the historically rich Straits of Mackinac waters of Lake Huron and Lake Michigan, Shepler's Mackinac Island Ferry exploits the beautiful scenery, military forts, lighthouses, and the world famous Mackinac Bridge by conducting tours accompanied by expert narration sharing both fact and fiction about the native American culture of the region, the missionaries, fur trading, and ships lost to the rough waters of the Great Lakes. In this book the reader will also get some interesting insights into Mackinac Island and St. Ignace, with their very divergent cultures and offerings that can inspire and entertain visitors.

Lessons from the Mouse - Dennis Snow 2010-08

Outlines ten practical principles for increasing the effectiveness of any business organization, based on the author's years at Disney World.

Corporate Celebration - Terrence E. Deal 1998-06-06

"How ceremonies can be used to build relationships, relieve tension, level the hierarchy, create excitement, transform losses into gains, and provide access to life's deeper lessons."--Cover.

Unleashing Excellence - Dennis Snow 2009-11-16

A step-by-step guide to designing and implementing an amazing customer service culture In today's competitive business environment, keeping customers happy is the key to long-term success. But some businesses provide much better customer service than others. It's not always clear what works and what doesn't, and implementing new customer service practices midstream can be a difficult, chaotic task. Business leaders who want to transform their business culture into one of customer service excellence need reliable, proven guidance. *Unleashing Excellence* gives you practical tools and step-by-step guidance tailored to your company's individual customer service needs. It shows you how to navigate your teams through every step of the implementation process to achieve true customer service excellence. The book covers the training and education of your group, how to measure the quality of your service, how to build a culture of personal accountability, and how to recognize excellence and reward it. Fully revised to include updated information on the latest tools and best practices, as well as the stories and lessons learned from those organizations that have used the process described in the book. Offers proven best practices for designing and implementing an excellent customer service culture Simple format divides content into nine "leadership actions" that guide you through a step-by-step process Shows you how to build a common customer service vision for your entire organization Customer service is vital to the survival of your business. If you want to move your organization's customer service practices from good to great, *Unleashing Excellence* is the key.

FCS - 1997

companies. You'll learn how companies like Disney, Nordstrom, and The Ritz-Carlton get 50,000 employees to deliver world-class customer service on a consistent basis- and how your company can too. Packed with insider knowledge and a wealth of proven best practices, author John DiJulius will show you how your company can emulate the world's best customer service providers.

The Disneyization of Society - Alan Bryman 2004-05-18

'Alan Bryman has expanded on his internationally well-known work on Disney theme parks and Disneyization to create a fascinating and highly readable book. It should prove of interest to beginning students in a number of different courses and fields, as well as to scholars interested in culture and consumption. There is no question that the model created by Disney, and emulated in whole or in part by many organizations and in many settings, will continue to influence social structure and culture well into the future. This is an important book about a significant social process. And, it manages to be a fun read, as well!' - George Ritzer, author of McDonaldization and Professor of Sociology, University of Maryland 'Bryman's analysis of contemporary consumption is full of detail and provides a host of examples ranging from restaurants and hotels, to theme parks, zoos and sports stadia. Without doubt students will find it an accessible text, one that should allow them to think about consumption, familiar consumer products, settings and activities, sociologically' - Barry Smart, Professor of Sociology, University of Portsmouth 'Bryman's dissection of Disneyization is a timely and significant contribution to the growing literature on Disney. In fact, his excellent analysis of the extension of Disneyization throughout society explains why we should care about the Disney phenomenon at all. This is not only an important book for Disney scholars, but for any one interested in the future of modern society' - Janet Wasko Professor of Communication Studies, University of Oregon This is an agenda-setting new work in the sociology of culture and modern society. It argues that the contemporary world is increasingly converging towards the characteristics of the Disney theme parks. This process of convergence is revealed in: the growing influence of themed environments in settings like restaurants, shops, hotels, tourism and zoos; the growing trend towards social environments that are driven by combinations of forms of consumption: shopping, eating out, gambling, visiting the cinema, watching sports; the growth in cachet awarded to brands based on licensed merchandise; and the increased prominence of work that is a performance in which the employees have to display certain emotions and generally convey impressions as though working in a theatrical event. This insightful book demonstrates the importance of control and surveillance in consumer culture. Of interest to a wide variety of students studying in business, sociology, cultural studies, media studies and leisure studies courses this will also be of interest to anybody interested in understanding the intricacies of modern society.

Hal Becker's Ultimate Sales Book - Hal Becker 2012-09-21

There are hundreds of books about sales, but how many of them have actually helped anyone become a better salesperson? Hal Becker's Ultimate Sales Book is a sales book and sales training course rolled into one, written by Xerox's former number-one U.S. salesperson and one of America's top sales trainers. It contains a wealth of practical information that many seasoned salespeople have forgotten...and which new salespeople need to master. It includes action steps to help you develop unique and proven selling methods, set goals, list prospects, and even discover your own ways to answer objections. Plus targeted quizzes at the end of each chapter to hone your skills. This is truly the one sales book every salesperson needs.

Emotions at Work - Aviad E. Raz 2020-03-23

Our work life is filled with emotions. How we feel on the job, what we say we feel, and what feelings we display—all these are important aspects of organizational behavior and workplace culture. Rather than focusing on the psychology of personal emotions at work, however, this study concentrates on emotions as role requirements, on workplace emotions that combine the private with the public, the personal with the social, and the authentic with the masked. In this cross-cultural study of "emotion management," the author argues that even though the

goals of normative control in factories, offices, and shops may be similar across cultures, organizational structure and the surrounding culture affect how that control is discussed and conceived.

The Total Work of Art - Matthew Wilson Smith 2007-03-12

The Total Work of Art provides a broad survey that incorporates many canonical artists into a single narrative. With particular attention to the influence of the Total Work of Art on modern theatre and performance, this brief introduction will also be of interest to students in such fields as film studies, music history, history of art, cultural studies, and modern European literatures.

Marketing Management - Christie L. Nordhielm 2014-01-07

Marketing Management: The Big Picture organizes traditional Marketing Management theory and practice in a conceptually appealing way. The use of well-known examples and consumer commercials throughout the content ensures students will commit to memory and innovative method for structuring and solving marketing problems. The framework constitutes a disciplined approach to connecting marketing variables to each other, inextricably linking marketing strategy concepts with their executional implications.

It's in the Cards - Lloyd Klein 1999

Examines the social impact of the consumer credit industry within the framework of economic and cultural change.

Global Communication - Thomas L. McPhail 2011-08-31

Global Communication is the most definitive text on multi-national communication and media conglomerates, exploring how global media, particularly CNN, the BBC, Euronews, and Al Jazeera, influence audiences and policy makers alike. Includes four completely new chapters on Asian media, Euromedia, the Middle East, and public diplomacy from a post 9/11 perspective Updates the story of arab media with a section on "Arab Media and the Al Jazeera Effect" by Middle East-based expert Lawrence Pintak Covers the global war on terrorism and the substantial US investment in Iraqi media Provides updated accounts and overviews of the largest and most important media corporations from around the world, from MTV and CNN to Bollywood Incorporates discussions of Hulu, YouTube, Myspace, and the Twitter phenomenon as well as new stakeholders in global online media

Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (July - December)

Customer-Driven Disruption - Suman Sarkar 2019-09-03

Businesses worry about new technologies, but customers are the ultimate disruptors—Suman Sarkar offers bold strategies for making sure you understand your customers and keep up with their ever-changing needs. Disruption—the brutal roiling of markets, the decline of long-established brands and products, and the rise of new upstarts—drives business failure and success. Most people think technology causes disruption, but technology merely enables it. Changing customer needs cause disruptions, and too many businesses get caught unaware. Suman Sarkar offers proven strategies that will enable any business to stay radically close to its customers and address their evolving needs. He argues that businesses need to focus on existing customers first—research shows they're likely to spend more and are more profitable than new customers. Personalization is becoming important for the newer generations in both developed and developing markets, so Sarkar describes approaches to make them cost-effective. In our era of instant gratification, customers want what they want now—Sarkar explains how you can develop and deliver products and services faster than ever. And since a few bad Yelp reviews, social media posts, or angry tweets from customers can ruin you, Sarkar shows how to proactively make sure the quality of your products and services stays better than that of your competitors. The key to survival in this era of changing customer needs is to focus on and address them quickly so customers don't switch to the competition. Drawing on

his experiences with leading companies worldwide, Sarkar offers five strategies and techniques that will keep you ahead of the curve.

Disney U: How Disney University Develops the World's Most Engaged, Loyal, and Customer-Centric Employees -
Doug Lipp 2013-03-29

Leadership lessons from the iconic brand you can use to drive Disney-style success In helping Walt Disney create “The Happiest Place on Earth,” Van France and his team started a business revolution in 1955 that eventually

became the Disney University—the employee training and development program that powers one of the most famous brands on earth. Disney U examines how Van France's timeless company values and leadership expertise have turned into a training and development dynasty: the Disney U. The book reveals the heart of the Disney Culture and describes the company's values and operational philosophies that support the world-famous Disney brand. Doug Lipp is an internationally acclaimed expert on customer service, leadership, change management and global competitiveness, specializing in the lessons he learned at the Disney U.
