**الاية عمل النظم البنكية
في ظل الصدمات النقدية -
د/ محمد صلاح الكردي
أصبحت أغلب الاقتصادات
العالمية خلال العقدين أو
الثلاث الماضية أكثر
اندماجاً في الأسواق
العالمية، الأمر الذي جعل**

تلك الاقتصادات أكثر عرضة للتأثر بالتقلبات الدورية الاقتصادية والتغيرات الحادة في العلاقات الاقتصادية الدولية لا سيما حجم واتجاه التجارة الدولية. وهو ما يحدث تغييرا حتميا في المستوى العام للأسعار والتدفقات النقدية الداخلة والخارجة. ومن هنا تأتي أهمية السياسة النقدية برؤية أكثر شمولية وتعمق، مع إيلاء أولوية أكبر لتثبيت الناتج عند مستوى يتناسب مع الاستغلال الأمثل للموارد المتاحة فضلا عن الحد من التضخم. وتحديدا، فإن أي تغير في حجم التدفقات الرأسمالية الوافدة أو الخارجة تؤدي إلى تفاقم تقلبات سعر الصرف وأسعار الفائدة وحجم الائتمان والتوظيف... إلخ. بناء على ما تقدم، تحدث الصدمات النقدية غير المقصودة كالأزمات المالية العالمية) بشكل مفاجئ ومنتسار وبأنماط مختلفة وآثار متنوعة، وإذا لم تكن هناك سلطات نقدية واعية تدرك تماما طبيعة تلك الصدمات ولديها

الحلول العملية المختبرة مسبقا، وإذا لم يكن هناك جهاز مصرفي يتسم بالكفاءة التشغيلية والمرونة المرتفعة ليستوعب الإجراءات والسياسات النقدية الجديدة؛ فإن الوضع الاقتصادي قد يكون بالغ الخطورة وقد يتطلب الاقتصاد وقتا طويلا حتى يتعافى، في وقت تتسارع فيه كل الكيانات الاقتصادية لتحتل مكانا مهما على صعيد الاقتصاد الدولي.

*Saudi Arabia: Rush to
Development (RLE Economy
of Middle East)* - Ragaei
el Mallakh 2015-05-15

Saudi Arabia is one of
the most controversial
and least known of the
Arab nations. A land of
massive contrasts –
between its densely
populated cities and its
vast expanses of desert;
between the recent
poverty of its villages
and the massive wealth
created by oil, which is
drawing a labour force
from most of the
neighbouring countries;
between the aggressive
technocratic and
industrial thrust
forward and the strongly
traditionalist Islamic
basis of the ruling
ideologies – it has
progressed to world
prominence in a matter

of years after centuries
of little or no change.
The change is not so
much a surge, or even a
thrust, as a rush into
the industrialized and
wealthy world. This book
analyzes the problems
and achievements of
Saudi development and
provides the first
detailed critique of the
Third Development Plan.
First published in 1982.

[Democracy in Deficit](#) -
James M. Buchanan 2000
Democracy in Deficit is
one of the early
comprehensive attempts
to apply the basic
principles of public-
choice analysis to
macroeconomic theory and
policy. According to
Robert D. Tollison in
the foreword, "The
central purpose of the
book was to examine the

simple precepts of Keynesian economics through the lens of public-choice theory. The basic discovery was that Keynesian economics had a bias toward deficits in terms of political self-interest." Democracy in Deficit opened the door for much of the current work on political business cycles and the incorporation of public-choice considerations into macroeconomic theory. Even in the area of monetarism, Buchanan's landmark work has greatly influenced the sway of contemporary theorists away from the nearly universally held belief of Keynesian theory. Democracy in Deficit contributes greatly to Buchanan's lifelong fiscal and monetary rules to guide long-term policy in macroeconomics. The book serves to bolster Buchanan's central

beliefs in the necessity of a balanced-budget amendment to the U.S. Constitution and in monetary rules rather than central bank discretion. The book is co-authored with Richard Wagner, a respected colleague of Buchanan, whom Buchanan recognized as helping to keep the book free of polemics and on target with its central purpose of applying the elementary theory of public choice. James M. Buchanan is an eminent economist who won the Alfred Nobel Memorial Prize in Economic Sciences in 1986 and is considered one of the greatest scholars of liberty in the twentieth century. The entire series will include: Volume 1: The Logical Foundations of Constitutional Liberty Volume 2: Public Principles of Public Debt Volume 3: The Calculus of Consent

Volume 4: Public Finance in Democratic Process
Volume 5: The Demand and Supply of Public Goods
Volume 6: Cost and Choice
Volume 7: The Limits of Liberty
Volume 8: Democracy in Deficit
Volume 9: The Power to Tax
Volume 10: The Reason of Rules
Volume 11: Politics by Principle, Not Interest
Volume 12: Economic Inquiry and Its Logic
Volume 13: Politics as Public Choice
Volume 14: Debt and Taxes
Volume 15: Externalities and Public Expenditure
Volume 16: Theory
Volume 17: Choice, Contract, and Constitutions
Volume 18: Moral Science and Moral Order
Volume 19: Federalism, Liberty, and the Law
Volume 20: Ideas, Persons, and Events

Principles of Macroeconomics: - Ahuja H.L.

this textbook thoroughly explains the principles of macroeconomics. It provides insights into the important macroeconomic issues, such as determination of output, employment, interest rates and inflation. This textbook discusses Classical and Keynesian theories of macroeconomics as well as aptly incorporates Post-Keynesian developments in various aspects of macroeconomics. Further it discusses, at appropriate places, the relevance and applicability of various macroeconomic theories for the developing countries. This textbook also explains and critically evaluates the post-Keynesian theories

of consumption function
namely, Kuznet's
consumption function,
Modigliani's life cycle
hypothesis and much
more.
