Liberty - Andrea Portes 2017-06-06

The bestselling author of Anatomy of Misfit and The Fall of Butterflies, Andrea Portes, is back with another irresistible snarky heroine in Liberty. What is a hero? Paige Nolan knows. Edward Raynes, the young man who exposed America's unconstitutional spying techniques, is a hero, even if half the dum-dums in the country think he's a traitor. Or Paige's parents, journalists who were captured by terrorists while telling stories of the endangered and oppressed. They were heroes, too. Were. . . or are—no one has ever told Paige if they're still alive, or dead. Not heroes? Anyone in the government who abandoned her parents, letting them rot somewhere halfway across the world. And certainly not Paige herself, who despite her fluency in five languages and mastery of several obscure martial arts (thanks, Mom!) could do nothing to save them. Couldn't, that is, until she's approached by Madden Carter, an undercover operative who gives her a

mission—fly to Russia, find Raynes, and discover what other government secrets he's stockpiled. In exchange, he'll reopen the case on her missing parents. She's given a code name and a cover as a foreign exchange student. Who is a hero? Not Paige Nolan, but maybe, just maybe, Liberty is.

Free - Chris Anderson 2010-12-15

What happens when advances in technology allow many things to be produced for more or less nothing? And what happens when those things are then made available to the consumer for free? In his groundbreaking new book, The Long Tail author Chris Anderson considers a brave new world where the old economic certainties are being undermined by a growing flood of free goods - newspapers, DVDs, T shirts, phones, even holiday flights. He explains why this has become possible - why new technologies, particularly the Internet, have caused production and distribution costs in many sectors to plummet to an extent unthinkable even a decade ago. He shows how the flexibility provided by the online world allows producers to trade ever more creatively, offering items for free to make real or perceived gains elsewhere. He pinpoints the winners and the losers in the Free universe. And he demonstrates the ways in which, as an increasing number of things become available for free, our decisions to make use of them will be determined by two resources far more valuable than money: the popular reputation of what is on offer and the time we have available for it. In the future, he argues, when we talk of the 'money economy' we will talk of the 'reputation economy' and the 'time economy' in the same breath, and our world will never be the same again.

Ignore Everybody - Hugh MacLeod 2009-06-11

When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - gapingvoid.com - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, *Ignore Everyone*, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: *Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. *If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. *Don't try to stand out from the crowd; avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. *The idea doesn't have to be big. It

just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity, you will be ready to unlock your own brilliance and unleash it on the world.

The Woman Who Had Two Navels and Tales of the Tropical Gothic - Nick Joaquin 2017-04-18

Celebrating the centennial of his birth, the first-ever U.S. publication of Philippine writer Nick Joaquin's seminal works, with a foreword by PEN/Open Book Award-winner Gina Apostol A New York Times Book Review Editor's Choice Nick Joaquin is widely considered one of the greatest Filipino writers, but he has remained little-known outside his home country despite writing in English. Set amid the ruins of Manila devastated by World War II, his stories are steeped in the post-colonial anguish and hopes of his era and resonate with the ironic perspectives on colonial history of Gabriel García Márquez and Mario Vargas Llosa. His work meditates on the questions and challenges of the Filipino individual's new freedom after a long history of colonialism, exploring folklore, centuries-old Catholic rites, the Spanish colonial past, magical realism, and baroque splendor and excess. This collection features his best-known story, "The Woman Who Had Two Navels," centered on Philippine emigrants living in Hong Kong and later expanded into a novel, the much-anthologized stories "May Day Eve" and "The Summer Solstice" and a canonic play, A Portrait of the Artist as Filipino. As Penguin Classics previously launched his countryman Jose Rizal to a wide audience, now Joaquin will find new readers with the first American collection of his work. Introduction and Suggestions for Further Reading by Vicente L. Rafael For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a

global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Dear Toni - Cyndi Sand-Eveland 2010-09-14

When sixth-grader Gene Tucks moves south, she dreads being the new kid at school and almost everything else about her life as a “nobody.” But what she dreads most is the hundred-day journal-writing assignment her teacher has given the class. His brilliant idea is to have the journals locked in the town museum’s vault for forty years so that future grade-sixers can read them. At first, Gene has trouble writing to someone who isn’t even born yet. But little by little, Dear Nobody becomes Dear Somebody, who evolves into Dear Toni. And bit by bit, Toni, a good listener, becomes a best friend to whom Gene tells everything. And, there’s lots to tell. Gene’s family is in transition to say the least. Her dad is looking for work, they are moving — again, her brother is the bane of her existence, and, more than anything else in the world, Gene wants something she can’t have — a dog. Toni is the first to learn that Gene is moving to a rent-free empty apartment at the back of a gas station, so her dad can manage it. And wonder of wonders, the owner’s dog needs looking after. Not just any dog; a St. Bernard who happens to have three pups. Through Gene’s one hundred entries the whole story unwinds and in the end, just like Toni does forty years later, we have come to know one of the freshest, funniest characters to grace the pages of a book in a very long time. Decorated with doodles by the author, Dear Toni has the look and feel of a journal, but the heart of a special 12 year old. In reprinting Dear Toni by Cyndi Sand-Eveland, we applied the

incorrect award designation to its cover. Although the book was on the short list, it was not the winner of the 2009-2010 Hackmatack Award. The winning English Fiction title was Dog Lost by Ingrid Lee (Scholastic). We regret the error and apologize to all concerned.
