**African Origins** - Muata Ashby 2006-01-01

THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY 8 1/2" X 11" Part 1, in one volume First Edition Three volumes in one. Over the past several years I have been asked to put together in one volume the most important evidences showing the correlations and common teachings between Kamitan (Ancient Egyptian) culture and religion and that of India. The questions of the history of Ancient Egypt, and the latest archeological evidences showing civilization and culture in Ancient Egypt and its spread to other countries, has intrigued many scholars as well as mystics over the years. Also, the possibility that Ancient Egyptian Priests and Priestesses migrated to Greece, India and other countries to carry on the traditions of the Ancient Egyptian Mysteries, has been speculated over the years as well. In chapter 1 of the book Egyptian Yoga The Philosophy of Enlightenment, 1995, I first introduced the deepest comparison between Ancient Egypt and India that had been brought forth up to that time. Now, in the year 2001 this new book, THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY, more fully explores the motifs, symbols and philosophical correlations

between Ancient Egyptian and Indian mysticism and clearly shows not only that Ancient Egypt and India were connected culturally but also spiritually. How does this knowledge help the spiritual aspirant? This discovery has great importance for the Yogis and mystics who follow the philosophy of Ancient Egypt and the mysticism of India. It means that India has a longer history and heritage than was previously understood. It shows that the mysteries of Ancient Egypt were essentially a yoga tradition which did not die but rather developed into the modern day systems of Yoga technology of India. It further shows that African culture developed Yoga Mysticism earlier than any other civilization in history. All of this expands our understanding of the unity of culture and the deep legacy of Yoga, which stretches into the distant past, beyond the Indus Valley civilization, the earliest known high culture in India as well as the Vedic tradition of Aryan culture. Therefore, Yoga culture and mysticism is the oldest known tradition of spiritual development and Indian mysticism is an extension of the Ancient Egyptian mysticism. By understanding the legacy which Ancient Egypt gave to India the mysticism of India is better understood and by comprehending the heritage of Indian Yoga, which is rooted in Ancient Egypt the

Mysticism of Ancient Egypt is also better understood. This expanded understanding allows us to prove the underlying kinship of humanity, through the common symbols, motifs and philosophies which are not disparate and confusing teachings but in reality expressions of the same study of truth through metaphysics and mystical realization of Self.

**Eternal Egypt** - Richard J. Reidy 2010-01-07

Eternal Egypt: Ancient Rituals for the Modern World is the first comprehensive collection of important temple rituals performed throughout Egypt during the time of the pharaohs. The author presents seven key rites from official temple records and ancient esoteric texts for personal or group use. This guidebook also: - presents rituals in a form designed to assist initiates in restoring the ancient rites of Egypt; - provides for modern usage, key ritual texts coming solely from authenticated ancient sources; - contains easy to follow commentaries and background information on each ritual, including symbolism and mythology not previously available in one book; - gives text with commentary for the "Opening of the Mouth" ceremony; - offers practical information for conducting these rituals in today's world. Formerly only available to the scholar and professional Egyptologist, these ritual texts reveal the deeply spiritual understanding of humanity's relationship to divinity that characterized the ancient Egyptian sense of the sacred. This is a practical intermediate level text for those wishing to worship the great deities of ancient Egypt in as authentic a manner as possible, and by so doing tap into the great spiritual heritage that sustained Egyptian culture for over three thousand years.

*Love Story of a Yogi* - Premyogi vajra 2020-12-28

It is a true story of a Love yogi named Premyogi vajra, in his own words or in the name of Love yogi. Around 25 years ago, there existed a teen named Premyogi vajra, in the deep Himalaya. His grandfather, the same tantric-spiritual old man was a renowned priest in the nearby localities. Boy with some spiritual capabilities since his childhood was studying science in English medium. That was very tough for him for he had come from a Hindi medium school and so on. He had got glimpse enlightenment in sleep around quarter of a century ago. Further he got his Kundalini awakened at the end of following discussion in original (partially edited; This has been done only to preserve the original essence, thus the subtle power of the real time discussion somewhat preserved) at brilliant kundalini online forum, which ran throughout the years 2016-18 (26-10-2016 to 08-05-2018) for roughly one and half year. Therefore, this discussion may have subtle power hidden inside it. Paragraphs have been written downward in order of subsequent dates or times. Each paragraph denotes writing on a single sitting. Discussion from other participants have been omitted out to avoid confusion. This book is not less than a boon for kundalini-seekers and Yoga-enthusiasts. It demystifies and clarifies the Patanjali-yog sutras in one of the best ways. This book is full of real-time practical points, which were experienced by Premyogi vajra during his meditation. There is nothing as mere theoretical in this book. The description of Tantra and Kundalini is clear, simple, true, natural, practical and scientific as described by Premayogi Vajra. Such description is not visible anywhere else. We hope that readers will highly enjoy this book.

[The Perfect Matrimony](#) - Samael Aun Weor 2012-05-01

"Love is the highest religion..." - Samael Aun Weor If you only want one book about real spiritual practice, *The Perfect Matrimony* has everything you need. Prepare yourself for a spiritual revolution. In fact, this book is so powerful that because of it, in 1950 the Catholic Church had Samael Aun Weor jailed. They accused him of "offending the public and healing the ill." *The Perfect Matrimony* is a complete introduction to the profound and beautiful mystical knowledge from which all the world's great

religions have blossomed. There is a sacred teaching, the source of the secret teachings of Judaism, Christianity, Buddhism, Taoism, Hinduism, Alchemy, Tantra, Kabbalah, and the mysteries of the Mayans, Aztecs, Egyptians, Tibetans, Eleusinians, Essenes, and hundreds more. All of them have a sexual secret. All of them came from the same root knowledge. *The Perfect Matrimony* explains how to solve the problem that originated with Adam and Eve: an event clearly rooted in sex. Jesus also taught how to solve this problem (his first miracle was at a wedding, after all), but the church edited his teachings. When Samael Aun Weor publicly revealed the true teachings, the outraged church had him imprisoned in an effort to repress what he revealed. Everything that lives was created through sex. Just the same, the soul is created through sex, but not the sex of the common person. To create divinity, one must understand divine sexuality. Such knowledge has always been preserved in secret, held safely for those who demonstrated their ability to use it properly. Now, for the first time in history, that knowledge has been revealed openly: this book, originally published in 1950, marked its first public appearance. "Love is the highest religion..." - Samael Aun Weor, *The Perfect Matrimony* (1950) With the explanations in this book, you will understand not only many seemingly vague and incomprehensible scriptures, but also how all genuine spiritual practices work. After reading this book, religion and sex make sense. Moreover, you will see that religion is not found in organizations, buildings, or books, it is found in the heart that is enflamed with divine love.

*The Secret History of Western Sexual Mysticism* - Arthur Versluis  
2008-03-25

The first book to reveal the history of Western sexual mysticism • Reveals the secret sexual practices that have been used since ancient Greece to achieve mystical union with God • Details the sects and individuals who transmitted the radical sexual practices

that orthodox Christianity never completely silenced •

Distinguishes between sexual magic and sexual mysticism  
Beginning with the ancient Greek Mystery traditions, Gnosticism, and the practices in early Christianity, Arthur Versluis uncovers the secret line of Western sexual mysticism that, like the Tantra of the East, seeks transcendence or union with God through sexual practices. Throughout antiquity, and right into the present day, sexuality has played an important, if largely hidden, role in religious traditions and practices. This includes not only Christian but also kabbalistic and hermetic alchemical currents of sexual mysticism, many discussed together here for the first time. In the Mystery tradition of hieros gamos (sacred marriage) and the Gnostic tradition of spiritual marriage, we see the possibility of divine union in which sexual union is the principal sign or symbol. Key to these practices is the inner or archetypal union of above and below, the intermingling of the revelatory divine world with the mundane earthly one. Versluis shows that these secret currents of sexual mysticism helped fuel the rise of the troubadours and their erotic doctrine, the esoteric teachings of Jacob Böhme in the late 16th century, the 19th-century utopian communities of John Humphrey Noyes and Thomas Lake Harris, the free love movement of the 20th century, and the modern writings of Denis de Rougemont and Alan Watts.

**Gurus of Modern Yoga** - Mark Singleton 2014

Gurus of Modern Yoga explores the contributions that individual gurus have made to the formation of the practices and discourses of yoga in today's world.

*The Origins of Yoga and Tantra* - Geoffrey Samuel 2008-03-27  
Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It

assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

*Sacred Sexuality in Ancient Egypt* - Ruth Schumann Antelme  
2001-10-01

- The first book to fully explore the sexual philosophy and practices of the ancient Egyptians
- Lavishly illustrated with erotic scenes from papyri that have long been hidden from the public
- Clarifies the connection of sacred sexuality to Egyptian cosmic symbolism

Until recently the forbidden papyri, whose explicit illustrations of Egyptian sexual practices were judged too shocking, were off limits to all but a few scholars. In this book, the first to fully explore Egyptian sexual philosophy and practices, Egyptologist Ruth Schumann-Antelme provides us a new view of the provocative sexual life of the ancient Egyptians. Richly illustrated throughout, *Sacred Sexuality in Ancient Egypt* explains the symbolism of the erotic images found on the inner walls of the temples and tombs as well as those carved into pieces of limestone and sketched on papyri. The authors cover in detail the astonishing erotic scenes illustrating the Turin Papyrus, which have long been kept from public view. These papyri reveal in great detail Egyptian attitudes about love, religion, and even medicine, as well as specific sexual practices. *Sacred Sexuality in Ancient Egypt* reveals the intimate details of a society in which sexuality was the dynamic principle of the divine world, and the cosmic symbolism of religion imbued every level of Egyptian society with sexual significance.

**Hanuman Chalisa Demystified: Ancient Kriya Yoga Tantric**

**Scripture** - Chandra Shekhar Kumar 2017-07-01

*Ancient Kriya Yoga Tantric Scripture : Commentaries on Hanuman Chalisa* as seen by The Divine Third Eye. This book is an outcome of inner revelations of mystical meanings of Hanuman Chalisa. Penning down itself was full of eternal vibrations which resembled as if being dictated by a Siddha. This journey was full of inexplicable ecstasy and joy, laced with complete surrendering to witnessing the state of Hanuman. It depicts transcendental qualities and attributes of this state in its totality. This body is just an instrument of meditation and the individual is nothing, the individual have nothing. Hanuman is a special state of Siddhas, the qualities of which are described by Hanuman Chalisa. A Sadhak passes through infinite number of states during his Sadhana. Period of stay in any state varies depending on the peculiarities of that state as well the predicament of the Sadhak. During this course, the outer symptoms may not be described and grasped as aptly as inner symptoms. Outer symptoms like trembling and/or levitation of body often lead to bewilderment and amusement of the beholder. Whereas being in the same state, it leads to calm acceptance and grasp of what is happening to someone else being in that state. Hence irrespective of the peculiarities and idiosyncrasies associated with various paths, the Sadhak finds himself in a special state all of a sudden, often termed as being at one place in Siddha Loka. Gradually, he realizes that there are infinite such states, hence places in Siddha Loka, one of which is Hanuman. It becomes clear to him that practice (Sadhana) is gradual, but being in any such state is all of a sudden, involuntary ones during early stages of Sadhana. There is no single prescribed path for Sadhana, simply because it varies from Sadhak to Sadhak, the root of which is often buried deep in one's Providence(Prarabdha). Hence no matter which path a Sadhak adopts for his journey to start with, he will get aligned to the best path, most suitable one for him, in due course of time, gradually. The single most important key is : Continue seeking in

with utmost Sincerity and Devotion. Historians often attribute the composition of Hanuman Chalisa to Goswami Tulsi Das, whereas a Sadhak realizes, when time is ripe for him, that the particular Shabda is eternal, ever present, everywhere, perceptible to one only when one is ready during his course of Sadhana, including listening to these being chanted/sung by Siddhas, all the time, beyond the time. This book is dedicated to all Sadhakas.

**The Path of the Priestess** - Sharron Rose 2003-01-08

A guide for personal exploration of the path to the divine feminine and the spiritual power of women. • Reveals the essential role of women in creating and maintaining the psychic/energetic/emotional landscape of society. • Explores feminine roles and the archetypal model of the Great Goddess from both Eastern and Western spiritual traditions. • Includes exercises, meditations, and visualizations drawn from ancient techniques to assist women with their spiritual awakening and self-realization. The Path of the Priestess takes readers on a journey deep into the heart of the feminine experience. It describes the author's years of first-hand experience in the ancient arts of Tantra, Dzogchen, and Indian and Egyptian temple dance and healing, as well as her research into the feminine principle in the mystic teachings of the Alchemists, Hebrew Kabbalists, and Christian Gnostics. Beginning with an analysis of the basic issues and frustrations inherent in contemporary society's conditioning of and expectations for women, readers travel back in time to the age of the great temples, schools, and sacred societies in which women still held and transmitted the spiritual light that nourished all of civilization. Through its mythic and historic tales, descriptions of sacred ritual practices, and teachings on the Goddess traditions, The Path of the Priestess provides contemporary women with the means to enter this time-honored path. In keeping with the experientially based teaching methods of these traditions, it also offers exercises and visualizations designed to align women with the powerful,

sensuous, and loving energies of the most profound feminine role model that shaped and preserved culture and society--the Great Goddess.

to the consciousness of the universe enfolded within the dark matter of space. At the root of creativity and spiritual genius across innumerable cultures and civilizations, this intelligent force reveals portals that enfold time, space, and the luminous matrix of reality itself. Combining physics, neuroscience, and biochemistry with ancient traditions from Africa and India, Edward Bruce Bynum, Ph.D., explores the ancient Egyptian science of the Ureaus and reveals how it is intimately connected to dark matter and to melanin, a light-sensitive, energy-conducting substance found in the brain, nervous system, and organs of all higher life-forms. He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body, just as dark matter, together with gravity, holds the galaxies and constellations together. With illustrated instructions, he shows how to safely awaken and stabilize the spiritual energy of the Ureaus through meditation practices, breathing exercises, and yoga postures as well as how to prepare the subtle body for transdimensional soul travel. By embracing the dark light of the shining serpent within, we overcome our collective fear of the vast living darkness without. By embracing the dark, we transcend reality to the dimension of light.

Tantric Visual Culture - Sthaneshwar Timalina 2015-11-19

Indian culture relies greatly on visual expression, and this book uses both classical Indian and contemporary Western philosophies and current studies on cognitive sciences, and applies them to contextualize Tantric visual culture. The work selects aspects of Tantric language and the practice of visualization, with the central premise to engage cognitive

theories while studying images. It utilizes the contemporary theories of metaphor and cognitive blend, the theory of metonymy, and a holographic theory of epistemology with a focus on concept formation and its application to the study of myths and images. In addition, it applies the classical aesthetic theory of rasa to unravel the meaning of opaque images. This philosophical and cognitive analysis allows materials from Indian culture to be understood in a new light, while engaging contemporary theories of cognitive science and semantics. The book demonstrates how the domains of meaning and philosophy can be addressed within any culture without reducing their intrinsic cultural significance. By addressing these key aspects of Tantric traditions through this approach, this book initiates a much-needed dialogue between Indian and Western theories, while encouraging introspection within the Indic traditions themselves. It will be of interest to those studying and researching Religion, Philosophy and South Asian Culture.
