following novels:
Gabriel: Gabe Randall

was at the peak of his college football game when bureaucrats stole his future. Shifters were no longer allowed to compete in human sporting events, so his only hope was a new football league just for them. Just as he's getting ready to join a new team in this league, his whole world comes crashing down when tragedy strikes his family. Without hope or direction, he turns to alcohol. He finds comfort in the arms of a woman who he felt a real connection to, but he left before he could drag her down. Carolyn knew how these one night stands worked, but it still hurt when Gabe walked out of her life. Just as she was about to get things back on track, she finds out she's pregnant. Will she ever even see Gabe again, and can she even be sure that he is the

father to her unborn child? Fate isn't done with these two... Kenny: Over six feet of shredded muscle was all Kenny needed to dominate on the football field and destroy his opponents. On the field, his hard work and determination paid off. Off the field, his life was a train wreck. He had the fame, the money and the allure that being a championship Shifter Football star granted, but it wasn't enough. All he wanted was the kind of intimate connection that always seemed to be out of his grasp. Right as he hit rock bottom, a chance encounter brings someone new into his life... Kenny has no choice but to strive for success on the field and fight for whom he loves off the field, even if it rips his team apart. Dustin: Dustin was a running back. He was also a

planner, cool and careful. But some things in life you can't plan for... Dustin Perry knew what making this team would do for his career. Everything was carefully planned and put into place. Sure, it was only semi-pro but it was still a stage and Dustin flourished in the spotlight. By the end of the season, everyone would be speaking his name, wondering how high his shooting star would go. But Fate would bring someone special into his life, something no one could have planned for... MC Bear Mates Vol 1 - Becca Fanning 2017-12-17
In a world ruled by fickle Goddesses, these Bear Shifter Bikers pursue their Fated Mates. The MC Bear Mates Vol 1 Box Set is here!
Contains the following novels: MARS: Mars Donner is tall, dangerous and brutally loyal. His golden eyes melt panties and make men get out of his way. He'd done his fair share of dirt, and even put a few people in the dirt, but he had lines he wouldn't cross. As long

as he had his MC, his cut and his hog, he thought he could get through anything. Then he met his Fated Mate, and he knew there was no line he wouldn't cross for her. Annette Vogel is an investigative journalist and no stranger to chasing a story. Freshly back from Afghanistan, her therapist tells her that she needs to take it easy, that working through PTSD is a process. But Adrenaline junkies don't take it easy, and when she gets wind of a human trafficking circle she has to go after the story. But crossing those kinds of people can have deadly consequences, especially when the story starts chasing her. MUNDO: Jimmy "Mundo" Aston always found himself deep in the sh*t. Whether it was going at it with rival bikers or

cops, he never let his opponent get the better of him. This attitude was why he found himself in jail, eager to get out and back with his Club. Three hots and a cot weren't bad, and at over six feet tall he knew no one would try any funny business. So really it was just getting through the boredom, until he met her. Christie Lockheart didn't believe in love. She didn't believe in chances. She'd lost loves to chance and thought they could go to hell for all she cared. She could at least focus on her work, the one thing that kept her grounded. As a dentist for the County Corrections department she went from jail to jail to treat inmates. Not a glamorous job, but she thought she was beyond glamor at this point. Until she met Mundo Aston, and their

brief interaction left her with lots of questions...and the desire to take a chance again. Just as they try to put together a normal life, the evil stalking the Nomads MC strikes again! KIKO: Kiko had thought he'd seen everything, but when the parade of young ladies came streaming out of the shipping container, their hair stuck to their scalps and reeking of God-knows-what, he felt sick to his stomach. He knew it was stupid to draw the line here after years of using violence and force like most people use language. But the line was drawn, and he knew he wouldn't cross this one. Now these women were under the protection of The Nomads, and the Ukrainian Mob would be in for a very bloody fight if they thought they could force these

women to do anything. And there was one who was something special... USA Today Bestselling Author Becca Fanning brings you a Shifter Romance novel box set packed full of action, intrigue and steam! Greyson - The Complete Serial Parts 1-4 - Cali MacKay 2016-06-26

This is the COMPLETE serial, with parts 1 - 4. From NY Times and USA Today bestselling author Cali MacKay... From the moment Greyson sets eyes on Juno, he knows her for what she is—his fated mate. There can be no other for him, which poses its own set of problems when he finds her standing over the dead body of a bear shifter from a rival clan. With the dead man's family seeking revenge, the only way to keep her safe is for them to get married, making her a protected member of his wolf pack—but that's going to take a whole lot of convincing, especially when Juno looks panicked and ready to bolt. Juno has a massive problem and accidentally killing a man in self-defense is just the start of it.

She's still rattled after finding out about a world she never knew existed, especially when she's hiding a huge secret of her own. Though Greyson is sexy and sweet, and she could really fall for him, sticking around just isn't an option, since she'd only be putting him in danger. And marrying him? That's definitely not a solution to her messed up life. With Juno's life on the line, can Greyson convince her to take a chance on him, knowing he'll not only keep her safe but make her happy or will she risk it all to keep him from the curse she has no control over?

Over 150,000 words of a protective Bear Shifter who would do anything for his Fated Mate. Includes the following books: Blood Moon Sheriff Marcus Stone was torn between two identities: lawbringer and outcast. He gets enough pushback from the locals when he's helping with their petty disputes, but his bright golden eyes don't do him any favors. Two years on the job and they still don't trust a Shifter in a position of power. But what could he do but bury himself in his work? Especially after that horrible night he doesn't speak of... Angie Campbell had one God-given

irrefutable talent: making dead-end one horse towns palatable for big business and development. Where everyone else saw tumbleweeds, she saw commerce and community. It just needed a helping hand, and that's where she came in. One look at Charming, Arizona and she knew she had her work cut out for her. But before she could even get the ball rolling, a murder brings her under the scrutiny of the dark and mysterious town Sheriff. He wasn't much of a talker, but she couldn't deny being drawn to him... With a murderer on the loose, Angie's life is in danger. With Stone's dark past, his future is in peril. Will they find the beauty in one another or be torn apart by the chaos all around them? Fate's Reaping Focus on the work. She'll be back.

She has to come back...
Bear Shifter Sheriff
Marcus Stone had a
missing person's case to
work, but his heart just
wasn't in it. This
missing pastor was
probably off "hiking the
Appalachian trail," as
the politicians liked to
say. His heart was with
Angie, over a thousand
miles away in a world
that couldn't be more
different than his
simple small town life
in Charming. New York
City had everything you
could ever want, and
Marcus knew that Angie
was a big city kind of
girl. Focus on the
work... Angie needed to
get back to Marcus, to
her new home in Arizona.
The future was an
unknown dark path that
seemed to stretch out
forever, but as long as
she had Marcus she'd
walk it without
hesitation. But the
night before she is to
fly back to the man of

her dreams, her past
catches up with her. Put
into an impossible
situation, she has to
choose between lying to
the man she loves or
losing him altogether.
Who knew choices could
weigh on you like chains
of iron? But things go
from bad to worse as
three strange
individuals are seen
around Charming, asking
questions that hit a
little too close to
home. What's even worse
is that Marcus can tell
they're different, yet
somehow familiar. To
hell and back, if that's
what it takes to be with
her... Mate's Harvest A
baby on the way and a
serial killer on the
loose. Marcus and Angie
need each other more
than ever, but the
universe seems set on
tearing them apart. It's
only through their sheer
love for each other that
Marcus and Angie are
able to see through all

the times of darkness and despair. They are each other's last hope, last reason to keep living and not give up. Though Marcus can't offer Angie much now that he isn't Sheriff of Charming, he can offer his support and love, if not his protection as they work together to find the killer. Marcus might have to break the law to find out whose targeting them, but he is willing to do anything at this point to make sure no one ever comes after them again. The universe be damned, love is stronger than any other force... USA Today Bestselling Author Becca Fanning is proud to bring you this Fated Mates story, packed with all the action, steam and great chemistry you can handle!

The complete five book series of City Shifters: the Den! Find out if Barrett Kaiser and his rowdy bear brothers survive the bad guys, wreak some vengeance, and find true love!

Bearing Burdens: Josie just needs enough money to pay off her loan shark and get custody of her nieces and nephew.

But when she saves Kaiser's life, she discovers a whole world of shifters exists in the city -- and her dead sister might have been involved in it. Josie has to decide whether to risk everything she loves to stay with Kaiser, including her own life and humanity, or shoulder her burdens on her own yet again.

Bearing Hearts: Lucy Randall couldn't save her partner, Ragnar, when their mission

against a rogue wolf-pack went bad, but she can finish the job and at least honor Ragnar's memory by killing the men who ambushed him. Reaching the investigator who hired her seems easy enough -- until she runs into a man with Ragnar's face and twice as much attitude. Can they avenge Ragnar's death and get one step closer to destroying the rogue wolf-pack, or will their hearts grow too heavy to bear? Bearing Scars: Kara flees a rogue pack to save her own life, but knows she has to go back to save her brother. When the rogue wolves chase her, though, Kara faces a lonely death in the woods -- until an enormous bear shifter races in to save her. Owen is everything she needs, and as he deals with his own scars, Kara discovers he needs her

more. But when the rogue pack demands a trade that endangers Kara, her brother, and most of the bears, how far will Kara go to save her brother? And how much will Owen sacrifice to protect her? Bearing Demons: Greer O'Brien has seen all kinds of tragedy as a homicide detective, and she's witnessed her fair share as a banshee, too. When she finds a dying man, the banshee sings his death-song -- except the handsome shifter doesn't stay dead. Greer isn't ready for Malcolm MacNevin to disrupt her solitary life, and she certainly isn't ready for him to kidnap her. When Malcolm's little sister disappears into the city's underworld, Greer walks a fine line between her oath as a detective and her growing feelings for Malcolm. She'll even face off with Russian

mobsters, crazy fae overlords, and a rogue pack to save Malcolm's sister. But will that be enough to save Malcolm from his demons? Bearing Secrets: Sunshine Wilkes runs a shelter and escape route for women with nasty husbands. She handles whatever the world throws at her... until she rescues a crazy pregnant lady raving about werewolves and carrying a little boy with a puppy tail. She's in over her head in a magical world she didn't know existed. So when a detective pal recommends a gorgeous Russian thug as a bodyguard, Sunny doesn't mind at all. She can handle a guy with a dodgy past -- even him being a werebear is something she can come around to. But when her relationship with Sasha makes Sunny the target of an evil wolf pack and Russian mobsters, she

starts to think some of his secrets are too dark to survive. Will Sasha's secrets ruin his future with Sunny, or will he finally break free of the past?
